

AC 220V \pm 10% 50/60Hz Power Supply Mount and with Overall Dimension L650 \times W630 \times H850mm

Our Product Introduction

for more products please visit us on bgaxraymachine.com

Basic Information

- Place of Origin: China
- Brand Name: WDS
- Certification: CE
- Model Number: WDS-800
- Minimum Order Quantity: 1 UNIT
- Packaging Details: Wooden case
- Delivery Time: 8-15 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 150 UNITS PER MONTH

Product Specification

- Characteristic: X/Y Automatically Controlled
- Placement Mode: Semi Automatic
- Total Power: Max 5300W
- PCB Size: Max 410 \times 380mm Min 10 \times 10 Mm
- Use: Motherboard Repair
- Temperature Controlling: (high Precision K-sensor)(Closed Loop),independent Temp.controller,the Precision Can Reach \pm 1 $^{\circ}$ C
- Machine Weight: 65KG
- Product Category: Semi Automatic BGA Rework Station
- Highlight: **semi automatic laser bga rework station**

Product Description

Product Description:

This rework station is equipped with high-quality electrical material, including a driving motor, PLC smart temp.controller, and color touch screen. These features ensure that your repairs are done efficiently and effectively. The driving motor provides the necessary power needed to complete your repairs, while the PLC smart temp.controller ensures that the temperature of the rework station is kept at an optimal level. The color touch screen makes it easy to navigate through the rework station's different features and settings. The Semi Automatic BGA Rework Station has a machine dimension of L650*W630*H850mm and a machine weight of 65KG. This makes it easy to move around your workspace and ensures that it doesn't take up too much space. Whether you need to repair a small PCB or chip, the Semi Automatic BGA Rework Station is the perfect solution for you. Its semi-automatic placement mode and high-quality electrical material ensure that your repairs are done with precision and accuracy. Plus, its compact design makes it easy to use and move around your workspace.

Features:

Product Name: Semi Automatic BGA Rework Station

Max Pcb Size: W410*D480mm

Characteristic: X/Y Automatically Controlled

Application: Laptop Playstation BGA Chip Repair, Motherboard repair

Temperature controlling: (high precision K-sensor)(Closed Loop), independent temp.controller, the precision can reach $\pm 1^{\circ}\text{C}$

Voltage: 110/220V

Features: Vacuum nozzle, Vacuum nozzle

Technical Parameters:

Applicable Chips	Max 70*70mm Min 1*1 Mm
Mini Pcb Size	W10*D10mm
Placement Mode	Semi Automatic
Voltage	110/220V
Total power	Max 5300W
PCB size	Max 410×380mm Min 10×10 mm
Machine Dimension	L650*W630*H850mm
Product Category	Semi Automatic BGA Rework Station
Power supply	AC 220V \pm 10% 50/60Hz
Weight of machine	60KG

This Semi Automatic BGA Rework Station is ideal for motherboard repair and pcb repair.

Applications:

The WDS-800 Semi Automatic BGA Rework Station is perfect for chip repair of laptops and PlayStations. It is designed to repair BGA chips with X/Y Automatically Controlled characteristics. This product is ideal for repairing BGA chips that are commonly used in laptops and gaming consoles like PlayStations. The BGA rework station comes with the latest technology that enables it to repair chips easily and effectively. The machine has a high success rate and saves a lot of time and effort compared to traditional repair methods.

The WDS-800 Semi Automatic BGA Rework Station is very easy to use and has a user-friendly interface. It is perfect for professional technicians and DIY enthusiasts alike. The BGA rework station is equipped with advanced features that allow for precise temperature control and heating accuracy. This makes it possible to repair chips without damaging the surrounding components.

This product is widely used by repair shops, electronic enthusiasts, and manufacturers who need to repair BGA chips. It is suitable for various occasions including home, school, and office use. This semi-automatic BGA rework station has a wide range of applications and can be used for repairing BGA chips in laptops, gaming consoles, and other electronic devices.

Overall, the WDS-800 Semi Automatic BGA Rework Station is an excellent product for anyone who needs to repair BGA chips. It is a reliable and efficient tool that can save time and effort. The product is CE certified, which ensures that it meets the highest quality standards. It is a must-have tool for anyone who wants to repair BGA chips in a safe and effective way.

Support and Services:

The Semi Automatic BGA Rework Station product provides advanced technical support and services to ensure optimal performance and longevity of the equipment. Our team of experienced professionals is available to provide assistance with installation, operation, maintenance, and troubleshooting of the product.

We offer comprehensive training services to help users become proficient in operating the equipment and maximizing its capabilities. In addition, we provide regular software updates and firmware upgrades to ensure the product remains up-to-date and fully functional. Our technical support team is available 24/7 to provide prompt and efficient assistance to customers in need. We also offer a range of warranty and repair services to ensure that any issues with the product are quickly resolved.

Overall, our goal is to provide the best possible technical support and services to ensure that the Semi Automatic BGA Rework Station product meets the needs and expectations of our customers.

Packing and Shipping:

Product Packaging:

1 x Semi Automatic BGA Rework Station

1 x Power Cord

1 x Vacuum Pen

1 x Thermocouple

1 x User Manual

Shipping:

Shipping Method: Standard Ground

Processing Time: 1-2 business days

Estimated Delivery Time: 5-7 business days

Shipping Cost: Free

FAQ:

1. What is the brand name of this BGA rework station?

The brand name of this BGA rework station is WDS.

2. What is the model number of this BGA rework station?

The model number of this BGA rework station is WDS-800.

3. Does this BGA rework station have any certifications?

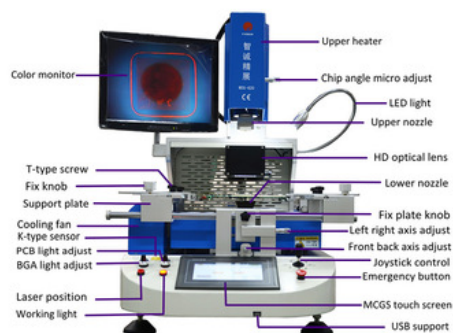

Yes, this BGA rework station has a CE certification.

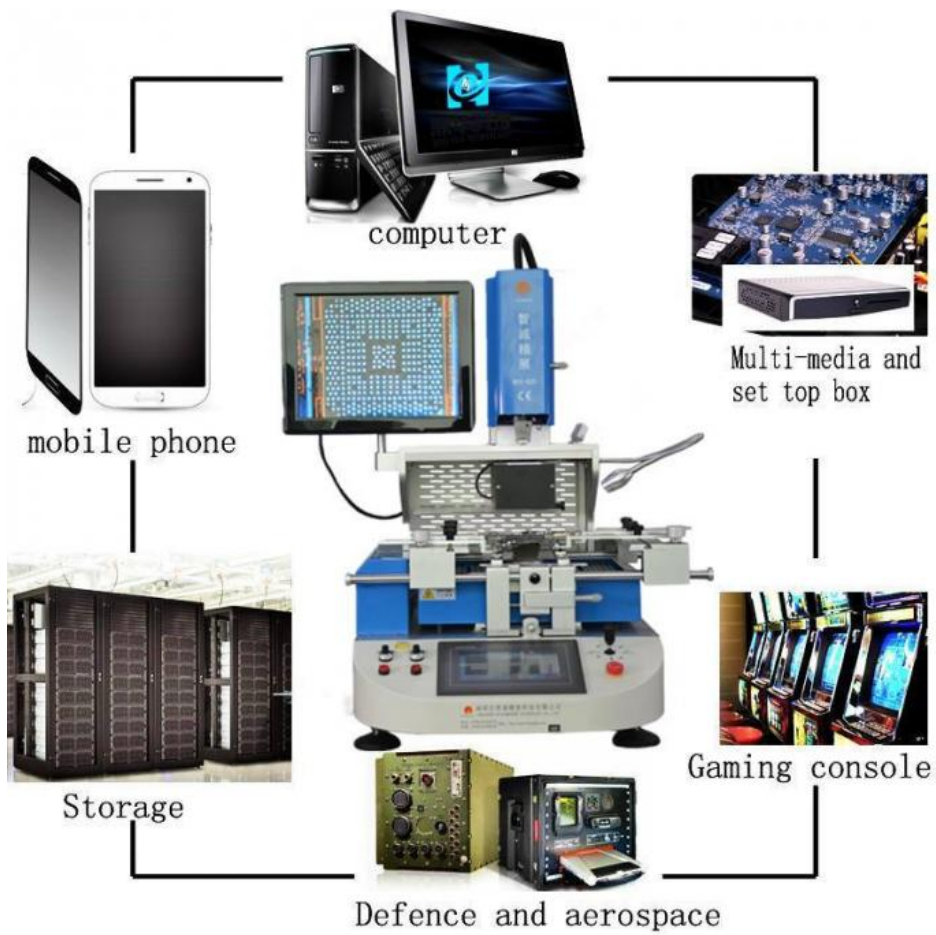

4. Where is this BGA rework station manufactured?

This BGA rework station is manufactured in China.

5. What are the payment terms and delivery time for this BGA rework station?

The payment terms for this BGA rework station are T/T, Western Union, and MoneyGram. The delivery time is 8-15 working days. This product is shipped in a wooden case.
